- Analysed user needs and software requirements to determine design feasibility.
 - Collaborated with cross-functional teams, enhancing project success rates by 10%.
 - Conducted comprehensive project analyses, identifying and rectifying discrepancies in engineering designs.
-

PROJECTS

Next Travel Connect

Shopify Hydrogen, React, TypeScript, Tailwind CSS

- Built a travel-based e-commerce storefront using Shopify Hydrogen. Focused on reusable UI components, optimized routing, and performance enhancements.

Olive Plus

React, Next.js, PrimeReact, TypeScript, Tailwind CSS

- Developed a company rating platform for the ELT industry with dynamic filtering, responsive design, and robust UI components using PrimeReact.

Padra Clinic

React, Next.js, React Calendar Timeline, TypeScript, Tailwind CSS

- Created a hospital client scheduling system with precise time-slot validation, custom calendar logic, and improved UI for managing appointments and staff schedules.

SaaSify

HubSpot UI Extension, React, TypeScript, Tailwind CSS

- Contributed to the Co-sell module integrating cloud marketplaces. Developed UI extensions for listing, managing, and co-selling SaaS offerings with HubSpot's extension APIs.

ALM Inventory Management App

React, Next.js, Redux, TypeScript, Tailwind CSS

- Built a multi-location stock management system. Used Redux for state handling and implemented intuitive dashboards for tracking, updating, and analyzing inventory across branches.

Certify

Shopify Hydrogen, React, TypeScript, Tailwind CSS

- Developed an online certification store with fast-loading, SEO-optimized pages and a modular product display architecture.

EDUCATION

Bachelor of Technology in Information Technology

Aug 2020 - Jul 2024

Karpagam Institute of Technology

- Relevant coursework in Computer Systems Applications and Software Development.
